

Cooper Marsh Visitors Centre

Wildlife educational programs for children

Habitat conditions are excellent for Monarch Butterflies

Nestled on the picturesque north shore of Lake St. Francis, the Cooper Marsh Conservation Area is the proud legacy of the late Mr. William Cooper Sr., a past Chair of the Raisin Region Conservation Authority.

This cherished wetland is part of the larger Charlottenburgh Marsh - one of the most significant wetlands in all of Ontario. The Cooper Marsh Conservators, a registered charity, together with Raisin Region Conservation Authority actively maintain, protect, enhance and restore this natural area.

Follow the wetland boardwalks to explore the marsh and isolated ponds. Climb the viewing platforms and visit the viewing blinds to enjoy more than 130 species of birds that call Cooper Marsh their home. Join one of the educational programs at Cooper Marsh. Come to our lovely Visitors Centre.

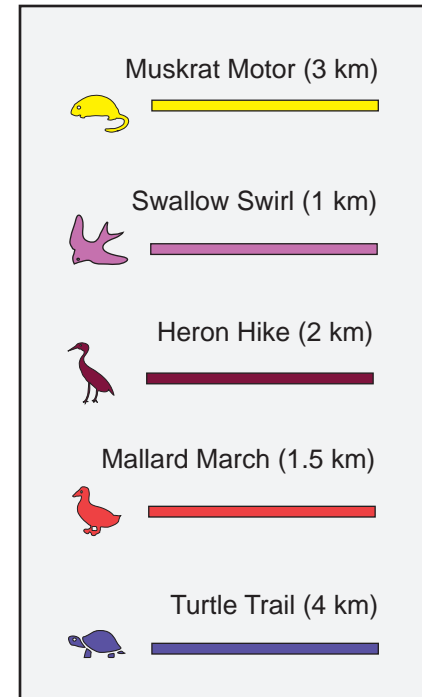

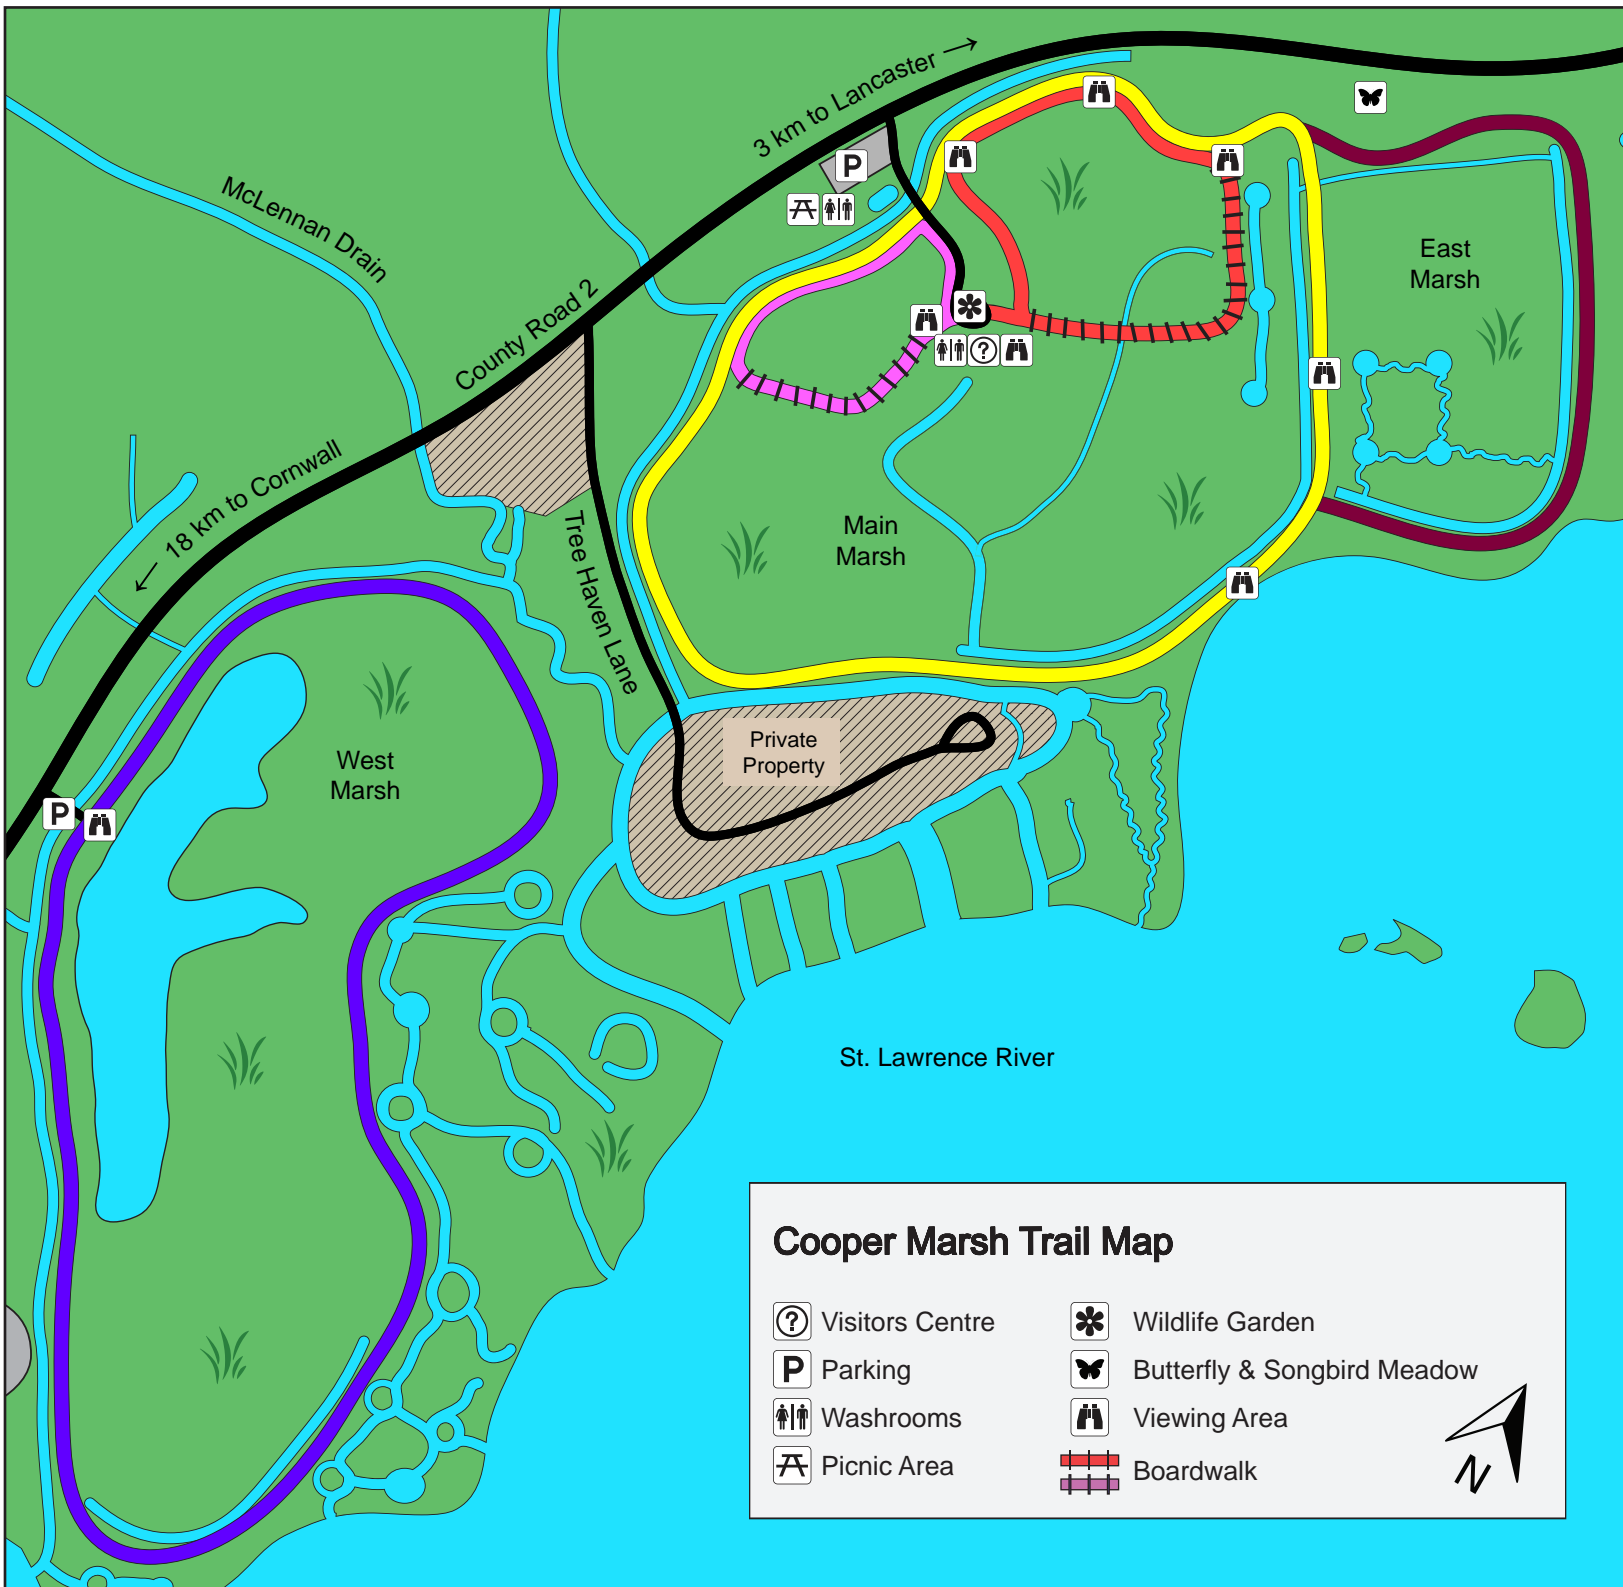

The Cooper Marsh Conservation Area and Visitors Centre are located on south side of County Road 2; 18 kilometres east of Cornwall near South Lancaster, and 102 kilometres west of Montreal.

From Highway 401, exit 814 onto County Road 34 (Lancaster interchange) then turn south onto County Road 2 and proceed 3 kilometres to the main entrance.

For more information on our facilities, please call: Raisin Region Conservation Authority at 613-938-3611 or visit www.rrca.on.ca.
