

2023 Tree Seedling Application Form

The Tree Seedling Program is available to all landowners in the Raisin Region Conservation Authority watershed area. The program offers conservation related benefits such as windbreaks, buffers and reforestation. Availability of species is based on nursery inventory and may be subject to change. Orders can be placed by submitting this form to the Raisin Region Conservation Authority by mail or by email.

To secure your 2023 order, please submit your application by March 31, 2023.

CONDITIONS OF ORDERING:

1. Orders must be in multiples of 10 per species.
2. Orders are subject to a \$20 handling fee plus applicable taxes and must be paid in full at the time of order. A \$10 re-stocking fee will be charged on any return of tree aids.
3. Applicants are responsible for the pick-up of trees. A location, date and time will be designated by the RRCA. Details will be sent via email and posted on the RRCA website www.rrca.on.ca
4. Applicants are responsible for the planting and care necessary for survival including adequate protection from animals.
5. Due to environmental conditions beyond our control, the RRCA assume no responsibility for the survival rates of the trees.

***Additional tree planting subsidies available for orders over 500 trees. *Opportunity for interested landowners to participate in the Butternut Recovery Program. Please contact the RRCA for more details.**

CUSTOMER INFORMATION

Name: _____

Address: _____

City: _____ Postal Code: _____

Phone: _____ Email: _____

Address of planting: _____

Use: Landscape Plantation/Afforestation Windbreak/Windrow Shoreline/Riparian

Please check the box if you would like the RRCA to keep your contact information on file and email you forestry updates and applications in the future.

I have read and understand the information and conditions which apply to this program and agree to pay the required costs.
